Staff-management-code:[Staff Management Portal](#)

The screenshot shows a web browser window with the address bar displaying "Not secure | 13.60.199.61:8077". The page title is "Staff Management Portal". The form contains the following fields and controls:

- Employee Name: Text input field.
- Employee ID: Text input field.
- Company Mail ID: Text input field.
- Role: Text input field.
- Joining Date: Date picker with a calendar icon and the format "dd-mm-yyyy".
- Training: Dropdown menu with "Ongoing" selected.
- Project Status: Dropdown menu with "On Bench" selected.
- Buttons: "Add Employee" (top right), "Employee Name" (left sidebar), "Employee" (left sidebar), "Project Status" (right sidebar), and "Actions" (right sidebar).

- Unable to scroll the web page in the Staff Management Portal, preventing access to certain content and features.
- In the Staff Management Portal, the Submit button is not visible, preventing users from submitting the form
- Unable to properly submit the form in the Staff Management Portal, potentially due to missing fields or an unresponsive Submit button.

Employee Name

upendra reddy 253636@%#%####

Employee ID

ATS0123@#\$\$%^VDGDGGDG

Company Mail ID

eygfeygfweyfyeg@gmail.com

- The Name column in the Staff Management Portal allows entry of special characters and numerical values, which should be restricted to accept only alphabetic characters.
- The Employee ID column in the Staff Management Portal allows entry of special characters and alphabetic characters, which should be restricted to accept only numerical values.
- In the Mail ID section of the Staff Management Portal, there is no verification method to validate whether the entered email is correct or in the proper format. A validation mechanism should be implemented.

On Bench

In Project

On Bench

- The status field in the Staff Management Portal currently provides only two options: 'On Bench' and 'Project,' with no option for 'Training.' A 'Training' option should be added to accurately reflect employee status.

- The Asset Management Portal does not display a proper date, leading to potential tracking and record-keeping issues. A correct date format should be implemented.
- There is no report button or column in the Asset Management Portal to track items that have not been provided. A feature should be added to log and report missing items.

- In the HR Management Portal, after checking requests, the Employee ID is not displayed, making it difficult to identify the corresponding employee. The Employee ID should be included for better tracking and verification.
- The reason for requesting an asset is missing in the Asset Management Portal, making it unclear why an asset is needed. A field should be added to capture this information.

Staff-management-code:[Staff Management Portal](#)

A screenshot of a web browser displaying the Staff Management Portal. The browser's address bar shows "Not secure" and the IP address "13.51.205.101:32768". The form is centered on the page and contains the following fields:

- Employee Name: Text input field
- Employee ID: Text input field
- Company Mail ID: Text input field
- Role: Text input field
- Joining Date: Date picker with "dd-mm-yyyy" format
- Training: Dropdown menu with "Ongoing" selected
- Project Status: Dropdown menu with "On Bench" selected

On the right side of the form, there is a blue "Add Employee" button. The background of the page is dark gray with some faint UI elements visible.

A screenshot of the Staff Management Portal interface, showing a table with employee data and an "Add Employee" button. The table has the following columns:

Employee Name	Employee ID	Company Mail	Role	Joining Date	Training Status	Project Status	Actions
---------------	-------------	--------------	------	--------------	-----------------	----------------	---------

The "Add Employee" button is located in the top right corner of the table area.
